

Plant Diversity of Central Asia

An international, peer-reviewed, Open Access journal of Central Asian botany

ISSN 2181-2403 (online) · 2181-239X (print) · DOI 10.54981 · CC BY 4.0

Aims & Scope

Published by the **Institute of Botany, Academy of Sciences of the Republic of Uzbekistan**, the journal publishes original research, reviews and short communications on the **flora, vegetation, systematics, floristics, ecology, phytogeography and conservation** of Central Asia — one of the world's most floristically rich and least documented regions. Manuscripts are accepted in **English, Uzbek and Russian**.

Why publish with us
